As a newer commissioner, I have felt 20 how do I say this politely? 21 very supported and am definitely going to miss COMMISSIONER HOROVITZ: Leveraged us? 21 22 MS. DUNN: Yes. I don't think it was that 22 So, Reece, you've got some big shoes to 23 23 the salary was too low. I think that she used us 24 fill. No pressure. 24 as a bargaining chip. It happens. MR. DUNN: So we had one on Friday, 5 5 strategy. And then, based on all that approval, one on this morning, the final on Thursday. 6 they would begin the national search. 6 There is one candidate that is really shining 7 7 So I definitely feel like that sample is a 8 right now. So we want to see. lot more detailed. 8 CHAIRWOMAN REYES: Okay. And so we should 9 The second sample that you provided 9 10 expect somewhat of a response by, when? I believe is on page -- where is that --10 11 MS. It also had about 13 different 13 14 thinking onboarding that first Wednesday in May. talking points that I -- I think there's a lot of 14 15 CHAIRWOMAN REYES: Okay. Wonderful. possibility of like merging some of the things. 15 Thank you. 16 There seems to be a little bit of redundancies. 16 17 All right. So I did get a chance to look at So, at this point, though, would the board be 17 the RFP samples that you provided. 18 18 in charge of helping identify that, or would that 19 Did the commissioners and everybody here get be a Kort job position task? 19 a chance to review them? 20 MS. PARDE: Through the Chair, so I actually 20 21 I'm not sure -- you and I were on the exact same wavelength. 21 COMMISSIONER BROCK: I did. 22 If you turn to the tab that's entitled, 22 23 CHAIRWOMAN REYES: So I have reviewed them "CEO, CEO Study RFP --" 23 obviously. I am a fan of Sample No. 1. 24 24 CHAIRWOMAN REYES: CEO Study RPF. 25 I feel like their scope of services that was MS. PARDE: -- I went ahead and took all of 25 Page 10 Page 12 your examples and condensed them. outlined in their contract was very detailed. 1 CHAIRWOMAN REYES: Very good. 2 2

It's on Page 7, if you want to look at the Sample 1. So they actually called it, "Deliverables," and they had 19 different deliverables that they would be doing.

But what I like about it is that No. 6 is the one that's actually to conduct a national search. It's just, you know, ultimately what we want them to do.

1 through 5 is a lot legwork prior to, which I think is really important, given the history and the current context of the culture at JHA.

So I think it's important to definitely do a lot of prework, and so they talked about coordinating all stages of the recruitment process with the Board of Commissioners.

So we would be involved in the beginning, which is something we discussed in the last meeting, right, in terms of our involvement.

They would be getting input from the Board of Commissioners through meetings and interviews to understand the role. They would solicit input from the commissioners regarding

MS. PARDE: You and I are on the exact same page. I see the issue as there being four determinants that you need to determine today for us to proceed with the RFP.

You need to discover a background, a scope of work, a schedule and then a cost.

CHAIRWOMAN REYES: Okay.

MS. PARDE: And so I've taken those two samples and identified the relevant provisions and then made a recommendation as to which one I would prefer or which one I think would be better suited.

My recommendation is in blue, and the St. Petersburg is in black. And the District of Columbia Housing Authority's provisions are in red. So can see them right away.

So I had also recommended utilizing the St. Petersburg Housing Authority's scope of services. That way I think it kind of helps the board focus in on what is important today for the decisions that you need to make, which are background, you know, the direction you'd like to give to the potential proposal bidders,

Page 13 Page 15 do a background research on them ahead of time and the scope of work that you're looking for, 1 2 the time -- like the schedule of deliverables, 2 proceed to maybe provide a summary. as well as the cost that you would like to see. You can do them however you like. It's kind 3 3 CHAIRWOMAN REYES: Yes. We would require of like a pick and choose which options. 4 4 CHAIRWOMAN REYES: Okay. Yes. But I do them to submit all their final recommendations, 5 5 6 correct? 6 believe that the Sample 1, the St. Petersburg MS. PARDE: Yes. scope, was the much more detailed one. 7 7 8 CHAIRWOMAN REYES: Okay. Very good. I think Yes, Commissioner Brock. 8 9 the thing that jumped out the most was in the 9 COMMISSIONER BROCK: Madam Chair, if I may, Sample 2, they do request that the commissioners 10 10 when we did the last national search, be notified which candidates were not selected, 11 we were provided all of the candidates bios and and I don't think I saw that in the 12 resumes, and we looked at them all. And so --12 13 St. Petersburg. 13 and then we start, you know, narrowing them down. So that's what we did in the last one. As a board, is that something that we would 14 14 be interested in seeing, which candidates were not They provided us every one of them that had 15 15 16 selected, and, if there is a reason for it? 16 applied. 17 COMMISSIONER HOROVITZ: To the Chair --17 CHAIRWOMAN REYES: Okay. And, to your answer CHAIRWOMAN REYES: Yes ---- I mean, Kort, if you want to jump in --18 18 COMMISSIONER HOROVITZ: -- how are we 19 but it does provide a summary of applicant reports 19 defining, "selected"? 20 to the Board of Commissioners of all finalists. 20 Is it that we've selected the candidate, 21 So we would be provided those. 21 and they've accepted? 22 And, in that summary, can we include 22 CHAIRWOMAN REYES: No. This is just for 23 the resumes, as well? 23 24 24 MS. PARDE: Yes. Through the Chair, COMMISSIONER HOROVITZ: -- the RFP. the big picture is this. The more detailed a 25 25 Page 14 Page 16 CHAIRWOMAN REYES: -- for the recruitment search you want is the more expensive and long it 1 process, correct. 2 2 would take. So just keep that in mind. 3 COMMISSIONER HOROVITZ: Okay. If you want to find the best most ideal 3 CHAIRWOMAN REYES: We've identified a 4 4 candidate, absolutely. Go ahead and take the 5 candidate, and then we are going to, as a board, the approach that St. Petersburg did, where they 5 6 pursue that candidate but based on these did a contract not to exceed 50,000 each year. 6 recommendations. It was a long detailed process, and that way they 7 7 COMMISSIONER HOROVITZ: Would there be a 8 selected who they were looking for. 8 reason why we wouldn't be able to? That also allows you plenty of time and 9 9 10 Like, is there a legal reason why we wouldn't 10 opportunity to review all the candidates, be able to see all? you know, digest the information, discover what 11 11 CHAIRWOMAN REYES: No, there isn't. essential functions and what duties and things 12 12 MS. PARDE: None at all. 13 you're looking for. 13 14 CHAIRWOMAN REYES: All right. So that 14 And then the other -- but, if you're looking wouldn't be necessary for us. 15 15 for a quicker turnaround, that would be the 16 16

MS. PARDE: Absolutely. So you may pick and choose whichever. That's why I listed all of this out. I went ahead and just itemized them. I would recommend, as a board, discussing and choosing which ones are important to you. Certain aspects maybe more and more -- you know, you may want a brochure. You may want a list of all the candidates, or you may want them to just go ahead and, you know, identify the ones that are the best candidates -- top 10, top 15 --

approach of the District of Columbia where I believe it was a two tier price where they

first charged for the fee of the recruitment

staffing, and then the recruitment itself.

I think the one thing I would consider

21 recommending -- and I think I put this in -is that whatever services you do choose in 22 deliverables, I think it would be prudent to have 23 a clause in there that, should the candidate not 24

stay for one year, that they would provide you

Page 17 Page 19 "Yes. We did give the Jacksonville Housing these with recruitment fees and either some discounted 1 costs in the future or something along those lines 2 documents," or, "We said this." 2 They did not say that. 3 to recoup some of your costs. Because it is a 3 COMMISSIONER HOROVITZ: Through the Chair, lengthy process. You're hiring them because of 4 4 I think that Gans & Gans is welcome to respond 5 their expertise and their qualifications. 5 So ... 6 to the RFP: is that right? 6 I don't believe that we're saying --7 CHAIRWOMAN REYES: I think that's a great 7 MS. PARDE: Through the Chair, absolutely. idea. Thank you, Kort. 8 8 Do you happen to know how long the hiring 9 They would not be prevented, and they would be 9 eligible. But, of course, the bid would be the process for St. Petersburg took with that RFP? 10 10 11 MS. PARDE: Through the Chair, yes. 11 most qualified based on price. It would also be 12 on your decisions. I mean you would be included 12 So that was -- it was actually extensive. I believe it was -- and I don't want to say this 13 in that decision, as well. 13 I would imagine we would receive multiple 14 14 with any certainty, but it was longer than I would proposals. It's not going to be just them. have anticipated. It was over a year. 15 15 CHAIRWOMAN REYES: Okay. And then, 16 When we were doing that research on this, 16 do you know how long the second one was? 17 there are a lot of firms in the nation that are 17 capable of providing such services. 18 MS. PARDE: No. I would have to go back and 18 19 CHAIRWOMAN REYES: Commissioner Brock, verify for the District of Columbia. I do know, 19 based on my knowledge, that the first candidate 20 to your question, I think it's more of an 20 opportunity to open up the application process for that they sought was -- I forgot what the story 21 21 was -- but it was not their final candidate. 22 the RFPs. They're not going to be precluded from 22 applying. It's just because of our, you know, 23 23 So they had to go through the process, again. CHAIRWOMAN REYES: Okay. So, ideally, 24 contentious kind of relationship that we've had in 24 25 the recent months, we want to make sure everybody we want to find something in between that. 25 Page 18 Page 20 Okay. gets a chance to submit. 1 Yes, Commissioner Brock. So like, if we had gone with them 2 2 3 COMMISSIONER BROCK: So, Madam Chair, 3 specifically, it would reduce our time frame, we decided not to use Gans & Gans? which I think is what you're getting to, 4 4 5 Because I don't remember us deciding that. 5 but, at this point, I think we wanted to open it up so that it's a little bit more -- to get more 6 So I was just trying to see. 6 Did we -offers. And that way we can get more --7 7 identify better candidates and then also look at 8 CHAIRWOMAN REYES: Yes. I believe we wanted 8 9 pricina. 9 to go with like a new company. 10 COMMISSIONER BROCK: -- okay. 10 COMMISSIONER BROCK: Okay. Because that's 11 why I was asking, because, like I say, I did not CHAIRWOMAN REYES: Yes. 11 COMMISSIONER HOROVITZ: Through the Chair, hear us say that we was not going to use them. 12 12 So that's why I was just wondering, because they I believe that we -- we will allow them to bid the 13 13 work, but I think that we had some issues with the 14 did do an excellent job in helping us when we did 14 the national search the last time. 15 quality and the accuracy of the reports that they 15 16 So I just wanted to ask that question, 16 had provided. And so, for that reason, we wanted because it was looking like we was leaning 17 to expand the partnership to include other 17 18 towards the presentation that is being presented organizations. 18 19 COMMISSIONER BROCK: But I think --19 20 CHAIRWOMAN REYES: So these are just samples 20 I don't think they provided the information. 21 that the agency has provided for us for us to They didn't give -- they didn't have the 21 22 decide what is going to be important for us. 22 opportunity to say that they provided that

information. It was told to us that that

information was provided by Gans & Gans,

but they did not have a representative to say,

But I do appreciate, Kort, what you've done

that's absolutely necessary. The background,

in terms of like the four sections. I think

Page 21 Page 23 scope of work, the schedule and the costs is 1 1 the search, because we've got to live with the 2 what we definitely need to have in the scope. 2 results. And I think everybody knows what that COMMISSIONER BROCK: Yes. means, and, because the search took over a year, 3 3 COMMISSIONER HOROVITZ: Yes. do we know what the variables were that caused it 4 4 CHAIRWOMAN REYES: Okay. So, at this point, 5 to take so long? 5 6 do we have to -- for the next board meeting. 6 A lot of times candidates will leverage I should present to the board an actual final and drag out the search, and so I'd like to know 7 7 8 recommendation for the CEO scope, correct, 8 what the variables were that would have taken so for the RFP? 9 9 10 COMMISSIONER HOROVITZ: I think that --Did something like that happen, or is that a 10 11 and, Reece, maybe this is a question for you --11 normal time period for this organization? 12 I think that this committee needs to make a 12 COMMISSIONER BROCK: I don't know. 13 recommendation to the full board to put this out, 13 CHAIRWOMAN REYES: So, being one of the newer or is that not necessary? 14 14 commissioners, I don't think I have the answer for MR. WILSON: Through the Chair, this is 15 15 that, but I don't know if Commissioner Horovitz or Reece Wilson. Yes. We can make a recommendation 16 16 Commissioner Brock --17 of the HR Committee today to take it up with the COMMISSIONER HOROVITZ: Through the Chair, 17 board on next Monday is what I would suggest. 18 18 I believe -- and I want to be so careful. 19 CHAIRWOMAN REYES: Okay. So my only 19 I'm going to let Kort get back to you. 20 concern, right, is that I love the St. Petersburg 20 (People laughed.) 21 -- you know, the listing that they have, but, COMMISSIONER HOROVITZ: So I believe that a 21 22 if it's going to take a year or more to process, part of the reason why it drug on for so long 22 23 you know, I don't think we have that time. 23 was that perhaps an offer was made to a candidate, 24 So I guess let's start off with, and that person didn't accept. And then another 24 25 what time frame are we looking for? 25 candidate -- and then person who took the role was Page 22 Page 24 What time frame are we looking at? in an interim role, because the entire board 1 Because, you know, Ms. Dunn is already, 2 couldn't agree to put him in the permanent role. 2 3 how many days into her 60 days? 3 And I think that maybe there was the hope that 4 MS. DUNN: About 45. maybe other candidates would present, and then the COMMISSIONER HOROVITZ: Go ahead, 5 5 board then just decided to extend the full offer.

6 Commissioner Brock. COMMISSIONER BROCK: Well, I thought, 7 when we had the board meeting, we were saying that 8 9 we were going to try to do, you know, a quick 10 turnaround, as far as doing the search, 11 and not draw it long out. 12 That's why I was asking when. When she said, "One year," I was like, 13 14 "Wow," you know? CHAIRWOMAN REYES: Right. And I believe the 15 16 last one took eight months, correct, Ms. Dunn? 17 The last CEO search took eight months? 18 MS. DUNN: I am not sure. COMMISSIONER BROCK: I think it did. 19 20 CHAIRWOMAN REYES: I think we discussed 21 eight months in the last meeting. Yes. 22 Yes, Commissioner Weatherby. 23 COMMISSIONER WEATHERBY: Through the Chair, 24 having been through this before with JEA,

I think it's very important not to unduly rush

MS. PARDE: So, through the Chair, I've been involved in numerous -- honestly, it's up to -- the process and the timeline is dictated by your involvement as well as just the candidate pool at that time. So, any time that these bids go out, you may have a great selection of candidates. You would be highly involved, and you would escalate it and, you know, quickly determine who you would want. Some people belabor the point. Some commissions fight over them, and then other times they go through the entire process. And, at the end, they decide that they don't like any of the candidates that they have now interviewed, and they start the process, again. So it is really incumbent more on the

direction of the board and their agreement on the matters as well as just the timing to see if there's any available candidates.

Please understand that, you know, these roles are not -- you know, there's a smaller group of potential qualified individuals. I mean, like anything, we get to our niche, and, you know, there's only so many jobs in Jacksonville that I would be looking for.

But that's why we do a nationwide search so that, hopefully, at some point, I would think that an attractive compensation package as well as a friendly board would be a total turn on to some candidates who might even seek to take this opportunity to move.

It's just really what you would like to do with it. I would say that, if you really want to dictate the time, then I think maybe you should focus more on the scheduling aspect, and then that would dictate the scope of services and deliverables.

Obviously, the more deliverables you require the longer it would take for them to do their end and process and all that, but, if you dictated the time table, then, obviously, you would be more in control of how soon it has to go to bid.

I don't see any reason why there would not be

nine-month estimated period?

2 COMMISSIONER BROCK: I think that would be great, and I think, if we do our due diligence, 3

I believe we will find a good candidate within 4 5

that time frame.

CHAIRWOMAN REYES: Okav. Commissioner Weatherby.

COMMISSIONER WEATHERBY: I agree.

CHAIRWOMAN REYES: Commissioner Horovitz.

COMMISSIONER HOROVITZ: I don't see why we

11 couldn't. I saw on the one that the --

I think the contract has to go before

City Council. We don't have that slowing us down.

So, to Ms. Kort's point, as long as we are meeting and engaged, I think that we could move this along, and, if we have to schedule special meetings, this is, you know, a high priority.

I want to acknowledge and just highlight, again, that any internal candidate is welcome to apply and encouraged to apply. We've talked about that. I just want to make sure that's clear, but, on the -- and I don't want to get ahead. Because I'm just thinking about the six to nine

So now we have an active, interim --

Page 26

so that's on my mind. 1

CHAIRWOMAN REYES: So we can -- I mean

we could just have -- it's all related.

So, at this point, we're not voting on anything.

It's just a discussion. So, yeah. 5

Ms. Dunn's period ends, what date?

MS. DUNN: The 2nd.

CHAIRWOMAN REYES: The 2nd, April 2nd.

So, at that point, we would have to make a decision, right, about either extending that

interim or --

COMMISSIONER HOROVITZ: To the Chair, I think that we need to have a recommendation come

out of this committee that will go to the board, because our board meeting is March 25th.

And we won't meet, again. So we need to make a decision in the board meeting.

CHAIRWOMAN REYES: Okay.

COMMISSIONER HOROVITZ: Okay. So we should make a recommendation.

CHAIRWOMAN REYES: So, for right now,

I think we need to focus on the schedule,

23 which is what we're talking about, commit to a

six to nine-month estimated time frame to find our

ideal candidate.

eligible candidates who would be interested, as long as it's marketed well. We have the same resources that we use. So there will be candidates. It's just a question of whether or not those candidates that are available are presented to you at the time the board can agree on it.

COMMISSIONER HOROVITZ: Excellent. Thank you.

CHAIRWOMAN REYES: Thank you. All right. So, you know, taking your recommendation, if we were to focus on the schedule then, right, and we're trying not to do eight months and we're trying not to do a year, I agree with Commissioner Weatherby, that this is not the kind of thing we want to rush.

Again, given just the history of the CEOs and, you know, the time frame and the recent attraction in the news, I think it's really important that we focus on hiring -- you know, finding and hiring the right CEO.

So I personally would feel comfortable with anything between six to nine months. but I'm not sure if that's something that we ...

How does everybody feel about a six to

I don't know if 24 25 it's necessary to have a court reporter in all of 25 CHAIRWOMAN REYES: Okay. So, would people Page 30 Page 32 still be physically here except us, or how would 1 our committee meetings. that work? 2 I'm just thinking about all of the work that 2 3 MR. WILSON: The actual commissioners on the 3 we continue to do, and that's such a strain on HR Committee could all attend virtually via Teams Ms. Carol. And I actually don't have an idea 4 4 of the cost. I think Ms. Dunn is looking into 5 -- or a lot of these committee meetings --5 6 and then it could be noticed. And Kort can maybe 6 It would allow us to do it more quickly. 7 speak to this, but it could be noticed. 7 I think certainly we need them for our board 8 And Ms. Dunn and Ms. Parde could attend and anyone else -- the public can also attend virtually. 9 meetings, especially because there's so much 9 10 CHAIRWOMAN REYES: Okay. So I ... 10 attention on the board, and perhaps in HR, 11 but I don't know. Yes, Commissioner Brock. 11 COMMISSIONER BROCK: Madam Chair, so, What are your thoughts? 12 12 CHAIRWOMAN REYES: Commissioner Weatherby. if we did that, we would be voting virtually, 13 13 14 as well? 14 COMMISSIONER WEATHERBY: This is a newbie 15 CHAIRWOMAN REYES: So we don't note in HR --15 question. my understanding is we don't vote in the Is Robert's Rules your parliamentary 16 16 17 HR Committees. We do recommendations to the 17 authority? CHAIRWOMAN REYES: Yes. board 18 18 19 COMMISSIONER BROCK: That's what I'm saying, 19 COMMISSIONER WEATHERBY: Okay. CHAIRWOMAN REYES: Yes, Commissioner Brock. but we still have to, you know, give comments and 20 20 21 COMMISSIONER BROCK: One of the reasons that 21 all of those type things. That's what I'm asking you. 22 we have the court reporter is because, when we did 22 CHAIRWOMAN REYES: Yes. We could make the 23 23 the investigation with the OIG, they said the 24 comments through Teams. 24 minutes were not taken correctly. COMMISSIONER BROCK: Okay. 25 And so that's when we decided to go with a 25

Page 33 Page 35 court reporter, and then we had a person that was 1 do we need to have -- if we're going to be voting 2 doing the minutes for the board -- did a good job 2 on minutes, can we have the meeting in Teams, -- but never got her out-of-class pay for it. 3 3 Number One? And so -- and so she decided to leave the And, Number Two, do we need to have a court 4 4 5 Jacksonville Housing altogether. reporter for our minutes? 5 COMMISSIONER HOROVITZ: And, to the Chair, 6 So I guess those are the things that we 6 would, you know, have to look at, because a person 7 just to clarify, I actually mean for all of our 7 8 that do those minutes do suppose to be paid 8 committee meetings. So now we have HR. We're going to have 9 9 out-of-class. Compliance soon. We've got finance. 10 CHAIRWOMAN REYES: Yes, Commissioner 10 We have Acquisition. We have Resident Relations. 11 Weatherby. 11 12 COMMISSIONER WEATHERBY: I've never seen 12 We have significant meetings now that it really --13 minutes as detailed as these. I was like, "This is going to take me three days." The Resident Relations Meeting -- when I started 18 18 19 19 that meeting, we didn't have a court reporter. So I don't know what the requirements are 20 20 So I bought, out of pocket, a tape recorder in terms of how detailed they should be, 21 21 and started taping the meetings, and then I had but, if there has been a reason to have 22 22 one of the residents to translate the meetings --23 a court reporter, then that was before my time. 23 the minutes -- in typing them. And so we didn't So I just don't know. have a court reporter. We just got the court 24 24 COMMISSIONER BROCK: Well, that's why I was 25 25 reporter last year. Page 34 Page 36 bringing it to the Chair attention, because OIG So I just wanted to -- you know, to get y'all 1 to understand that, because a lot of things about recommended that -- not a court reporter, 2 2 but recommended that we get someone that could 3 Resident Relations was not said properly when 3 I took that lead on that. take our minutes accurate and be on point with 4 5 it. And so --5 I didn't get the proper information on --CHAIRWOMAN REYES: Right. Thank you, 6 on that Resident Relations Meeting, and so it was 6 a lot of things that were taken out of context, Commissioner Brock. 7 7 8 And, if I'm not mistaken, though, it also 8 you know. stemmed from when there was a lot of issues with 9 So I just want you to understand that part --9 10 the previous CEO, and there was some contentious 10 that part of it, because, like I say, we did have -- not the last one, but the one before --11 a person here that was employed by the 11 COMMISSIONER BROCK: Right, right. 12 Jacksonville Housing that did excellent minutes. 12 I can bring them to you and show them to you. 13 13

CHAIRWOMAN REYES: And I believe now, you know, part of the attraction to keep her is because of the scheduling and the finances itself, the charge. But I agree, Commissioner Horovitz.

I'm not sure if we need to have it for the

under the compensation study, it would be very

Okay. So, for the compensation study,

Page 45

helpful to have that information prior to developing our budget as well as not only in terms of positions, but in terms of finances, but also in terms of what we can and cannot bargain with the union for wages and whether or not we're going to be doing COLAs in the future,

whether or not we're going to be giving merit

increases.

It would actually have a lot of interplay with one another, and then it would also simultaneously -- once we had those aspects in, you know, we would be working on the budget as well as the collective bargaining negotiations.

HR and myself would be working on updating the policy in the Employee Handbook not only to reflect everything that you've changed, but also the succession plan as well as all of the implementations of classification plans and pay studies and all that.

I think that, while it would be great to have all the time in the would to review all of our policies, we're going to be reviewing them anyway. We're going to align with whatever the compensation study says, and it will be dictating the policy and procedures from there.

Page 47
But, through the Chair to Commissioner

Weatherby, Chair of the Finance Committee, I think that this rolls under Central Cost Center, right?

And that budget work needs to have started by the summer in order to be completed by October. So you need to say that this needs to be done by June/July I think.

CHAIRWOMAN REYES: Okay.

COMMISSIONER HOROVITZ: I don't see why it would take more than three months; is that correct?

MS. PARDE: So, through the Chair, absolutely. That was my -- I've actually dictated in here, if we could get it by the -- at the last -- you know, July 15th would be my drop-dead date, because that way we ...

Wages are negotiated last in a Collective Bargaining Agreement. All the economics are. So that's fine with that, and then the budget -- that would just be the one item that would be out there

But it would, you know, dictate a few changes, because, obviously, the budget, as well as the collective bargaining,

Page 46

So the whole goal would be to have a streamline system where, if we had that information now, we could better project in the future for strategic planning.

We could make necessary operational changes, and then that way our policies would align with our collective bargaining, which would align with our budget and align with our strategic planning.

CHAIRWOMAN REYES: Okay. So, given all that, I do agree that the background for the City of Durham is the correct one, and I particularly like the Fort Worth recommendation. Because it does involve a lot of employee participation, which I think is crucial to the success of this compensation study.

In terms of the schedule, I guess I'll open this up to the board what we think is -- given that the CEO is our Number One priority right now, what time frame are we looking for this -- to be able to complete this or to give them as a deliverable date for their RFP?

Are we going to be running these concurrently?

COMMISSIONER HOROVITZ: Through the Chair, I don't see why we wouldn't be.

Page 48

so that they could be implemented for September.
 So I was hoping you would have an accelerated

would ideally be wrapped up in the August meetings

So I was hoping you would have an accelerated timeline. I don't see why it couldn't go on, and, in fact, that's why I prepared -- it's also in your book -- I went ahead and did a detailed analysis of all of the organization work chart with all the salaries. And I went ahead and provided on the next page the entire JHA financials with respect to wages and then the allocations so that you can look at all of those as well as the vacancies.

That would be information that we would be providing to whoever received this bid, and this bid is a much different bid than the CEO. This bid is solely determinant about however fast they would like to move.

We're here. We're sitting ducks. They can come and look at all of our stuff. We'll be an open book, and we're not relying on, you know, people to make appointments and all that.

So I think that that would be my thing is to make sure that a deadline would be driven in this one more than anything.

CHAIRWOMAN REYES: So, are we looking --I mean, do you think two months is sufficient time?

MS. PARDE: Through the Chair, I mean that --I don't see why not. Obviously, it will cost a little more, because we will want them to come on-site, if you so choose to have that option of interviewing employees. But, if they were to come to us, I don't see why that time frame couldn't be achievable.

CHAIRWOMAN REYES: Okay. So then I would look at a May 15th deadline?

That way it gives you enough time to review. MS. PARDE: Through the Chair, I would be fine as long as we receive it in July by July 15th. To me, that's ample time for me.

Like I said, the economics will be the last object of collective bargaining, and it will also give us time, over the next few months, to start working on our succession plan as well as our goals for the CEO as well as the -perhaps updating -- whatever we need to start getting the administrative work that we need to do to get us into a position where we would be well-situated for a strategic plan or end so they

Page 51

MS. PARDE: So, through the Chair, if I could add, I'm actually the person that's here. So there's a number of issues.

One issue is that the rank and file collective bargaining -- while we do have pay grade, they're not an excessive amount. The problem is they all start at the exact same starting point, which hinders us from hiring.

They need to be graded. There need to be gradations, and that could be done by this study where they determine which were valuable -more valuable decisions which required more skill set, which required ...

You know, was there lack of talent? All those factors play into it. So that would be one aspect.

The other aspect would be that we have certain positions that have been overcompensated over the years, and, if a review of what these employees are actually doing versus their job descriptions was undertaken, there might be some negative and positive movement in both of those.

COMMISSIONER HOROVITZ: Right. MS. PARDE: And then, as well, I think that

CHAIRWOMAN REYES: Okay.

COMMISSIONER HOROVITZ: I think you had your

COMMISSIONER BROCK: You did.

COMMISSIONER HOROVITZ: Through the Chair and to maybe Ms. Dunn and maybe Ms. Kort, when my organization went through a compensation study, we looked at grades, as well.

So, in my organization, I knew it to be true that we had too many grades. So I made that comment when we were here.

I don't know that to actually be an issue here. So, if that piece will slow us down, I think just looking at salaries and making sure that we're appropriately compensating our staff is a higher priority.

Do you feel like we have excessive grades that would be an important piece to add in?

MS. DUNN: Correct me if I'm wrong. I don't think we have excessive grades, but we do have an issue where there could be some miscategorization of exempt persons. nonexempt employees. And that needs to be looked at and addressed.

Page 52

there is an overall unalignment of exempted positions within the same category. So like all chiefs, all directors, all accountants.

Two, there needs to be a precise line where they are all in order. It has to be dependent upon skills, experience and education, and that's what they can provide us.

And they would also -- by speaking to our employees, they would tell us whether or not certain positions can be streamined -certain functions could -- whether or not we need that many individuals in that particular thing, or, quite frankly, if there are individuals who are not performing at the same level as their peers, just due to the nature of them all being in the same classification over the years, maybe we need to either divide it and split or perhaps

There would be all sorts of those things, and then I also think this would give an opportunity for the employees to have feedback as well as provide information as to what they believe their duties are, what they believe are key critical, you know, core competencies that are required from either their position or their

Page 53 Page 55 skill set. 1 COMMISSIONER BROCK: Okav. 2 COMMISSIONER HOROVITZ: Excellent. 2 CHAIRWOMAN REYES: Just to confirm, right, the two-month deadline is to have the list of, 3 Thank you. 3 And, to the Chair, I think this is what we you know, recommendations and acquisitions from 4 4 should be doing right now. That's exactly what it says. You just going to review it? So just anticipate it June 15th then? 11 11 COMMISSIONER HOROVITZ: Through the Chair, Does that work? 12 12 MS. PARDE: June 15th? June 30th? I think that -- I mean we're going to be working 13 13 14 in July. Like we work on this board outside of 14 We do need to allow for a little time for the 15 this boardroom. I think that we all are committed proposals to be coming in. 15 16 to reviewing things as they come through even when 16 CHAIRWOMAN REYES: Okay. End of June? MS. PARDE: Yes. That way it would also give we're not meeting. 17 17 COMMISSIONER BROCK: Right. you the opportunity to look at the proposals, 18 18 because I'm sure you would want your input at that MS. Yes. 2 At this point, I think we probably need to 2 COMMISSIONER BROCK: Okay. 3 have a separate section for this in the upcoming CHAIRWOMAN REYES: So I look forward to 3 4 HR Committee Meeting to discuss this in further getting a breakdown from you, Kort, regarding the 4 detail with a breakdown of the communication and 5 5 specific incident. the, you know, emails that were involved. 6 COMMISSIONER BROCK: And I definitely 6 7 I think this is also an issue for the agency 7 understand what y'all are saying, but what I'm 8 to decide, what is a full-time employee or a saying is the way the motion was made --8 part-time employee. That's not for the --9 it was not made. 9 COMMISSIONER BROCK: It wasn't no stipulation 10 COMMISSIONER HOROVITZ: I think we'll have 10 like that. It wasn't a stipulation where it was 11 11 the lawyers look at it. 12 supposed to be part time or full time. CHAIRWOMAN REYES: Yes. I think it makes 12 13 CHAIRWOMAN REYES: And I think that's a 13 sense to have the HR counsel look at it. 14 great example of how the commission can be more Commissioner Brock, because, again, I think, 14 15 direct and more detailed when we do make motions. with the exception of you, none of us were here 15 But, again, that was in 2021. That was 16 16 for that. 17 before our time. So I think right now we need to 17 So I just want to make sure we're all on the get a breakdown of the communication and see what 18 same page. So we'll direct Ms. Dunn to have 18 19 happened there, and then we can learn from this HR counsel review that. Thank you for bringing 19 that to the board. 20 mistake and move forward. 20 21 COMMISSIONER BROCK: Okay. Because we were 21 Okay. Moving on to the next point and I 22 direct on the motion. 22 believe our last is the interim versus Acting CEO. 23 COMMISSIONER HOROVITZ: Through the Chair, 23 This is something that I brought up in the last 24 I think every organization has stuff like this, 24 meeting. We talked about just getting the thought right, hazard pay, different things during COVID, 25 25 process going, but that we were going to have to Page 62 Page 64 and I believe there is always some guardrails make a recommendation to the board for the 1 around who qualifies. upcoming meeting on the 29th? 2 2 3 I think that's probably something worth 3 COMMISSIONER HOROVITZ: 25th. engaging Ms. Dunn and our HR counsel. It sounds CHAIRWOMAN REYES: Oh, sorry. I looked at 4 4 5 like this is not every employee. So, if it's the 29th on here. Sorry. I was looking at the 5 6 a handfull of employees, we can dig into if they minutes from the last meeting. 6 actually did qualify and then figure that out. 7 Where am I? 7 8 Do you have all of the information? 8 COMMISSIONER HOROVITZ: It will be the 9 Do you have the names of the people who might 25th won't it? 9 10 be questioning? 10 MS. PARDE: Through the Chair, yes, it will MS. DUNN: There is one employee in 11 11 CHAIRWOMAN REYES: Yes. I was looking at 12 particular. 12 the minutes from the last one. COMMISSIONER BROCK: It's more than one. 13 13 14 MS. DUNN: Well, that I know of. 14 MS. PARDE: Through the Chair, I actually 15 One employee in particular that I know of that has 15 went ahead and wrote down the definitions brought the matter to Ms. Parde. I don't know of anticipating that this was on the agenda, 16 16 17 any other people. 17 and that this way you could read it and make --COMMISSIONER HOROVITZ: It wouldn't surprise it would at least help you with your decision. 18 18 CHAIRWOMAN REYES: Correct. 19 me if everybody didn't qualify. That would be 19 20 very normal. 20 So I think last time she had talked about the MS. DUNN: That would be quite normal. 21 city, in the ordinance, had something about 21 interim, where, for Acting CEO they did not, 22 22 At the agency I was working at at the time, 23 correct, if I remember what Counsel Lawsikia said? 23 everyone did not qualify. There were some MS. PARDE: Through the Chair, even if the 24 parameters set. 24 25 COMMISSIONER HOROVITZ: Yes. There would 25 city did it, unfortunately, we are an independent

Page 65 Page 67 special district that would not have any -to open it up to discussion? 1 2 -- it would just be guidance. COMMISSIONER BROCK: Are you asking a 2 CHAIRWOMAN REYES: Okay. Because, 3 3 question, do we want to open up --4 at the last meeting, what we voted on was to CHAIRWOMAN REYES: Yes, yes. 4 recommend a pay increase for Ms. Dunn based on the 5 5 Do you have any comments that you'd like to 6 fact that she was doing COO and CEO, but we did make? 6 not discuss what we were going to do at this COMMISSIONER BROCK: -- yes, I do. 7 8 point regarding interim or Acting CEO. Madam Chair to Ms. Dunn, you said that --8 9 Ms. Dunn, you just stated that the morale of the 9 COMMISSIONER HOROVITZ: Through the Chair, staff is -- their morale has changed. 10 10 11 I think that we were kind of in an emergency 11 In other words, they feel good about you being in posture, and we just needed to get everything the role doing what you're doing. 12 12 13 under control. Now that we know we're looking 13 And, have they voiced that to you, down the six to nine-month road, I think that we or that's just your assumption of the staff? 14 14 do need to -- we need to solve -- we have an MS. DUNN: No, ma'am. That's been voiced to 15 15 me from several different members of staff. 16 expiring Acting CEO and then probably make a 16 17 recommendation on, if we bring in an interim, 17 Just being able to actively engage and make decisions with any of the departments that are is that Ms. Dunn? 18 18 Is that someone from the outside? 19 being supported has gone a long way. 19 CHAIRWOMAN REYES: So I do think it's 20 I think that's a conversation we need to have 20 important -- well, does anybody else have any at the board level but a recommendation coming 21 21 from this meeting. 22 comments? 22 CHAIRWOMAN REYES: So, at this time, 23 (no response) 23 CHAIRWOMAN REYES: So I do think that it's 24 I'd like to open it up to Ms. Dunn to get your 24 important to keep some continuity, not just at input first, see how you're feeling with the 25 25 Page 66 Page 68 current role, the upcoming expiration date the higher level, but for, you know, the entire 1 2 and then any anticipated issues that you see 2 agency. 3 coming up. As we are talking about a six to nine-month 3 MS. DUNN: Thank you very much. 4 4 process, I wouldn't want to interrupt the flow of 5 So, for the last 50-some-odd days at this what has already -- the work that has already been 5 point I think, it has been a whirlwind, to say the 6 accomplished, whatever existing projects that are 6 7 least: however, a welcome challenge. taking place, and then, of course, any, you know, 7 8 I feel like we have made some tremendous 8 contracts that we have with partnerships in the 9 strides in the right direction in terms of community. 9 10 engaging the community, the city, just showing 10 So my concern, at this point, though, is, people that we are open and welcome to partnering would you be able to continue? 11 11 Like, if we were to able to extend 12 and collaborating and to solve some of the 12 the Acting CEO role for you or interim role for City of Jacksonville's housing issues, 13 13 14 dispelling some myths, as well, in terms of what 14 you -- to extend that that period of time, 15 our waiting list looks like and who we are 15 how would your COO position be affected? MS. DUNN: It has been a delicate balancing 16 serving. 16 act I would say the least, and, really, 17 And so this has been great. I think, 17 the primary shortcoming that I had to overcome has over the last 50-some-odd days, I would have to 18 18 been overcome, which was hiring a Director of 19 say I think employee morale has improved overall, 19 especially with the senior staff feeling 20 Property Management. 20 21 Because, prior to this appointment, 21 empowered and being more engaged in where the I was managing the COO role as well as the 22 22 agency is going. And so I look forward to Director of Property Management that had been 23 23 continuing that work, if the board allows me the vacant since January of '23. 24 opportunity to do so. 24 CHAIRWOMAN REYES: Commissioners, do you want 25 And so getting someone in that role 25

Page 69 Page 71 definitely helps with the overall operations of 1 open to you, but you'd have access to, you know, 2 public housing, and so that eased some of that 2 the information of that role that other candidates would not have. pressure making balancing the COO role a little 3 3 So like, at this point, I don't know. bit easier overall. 4 4 Reece, are you still on the line? 5 CHAIRWOMAN REYES: Okay. Commissioner 5 6 Horovitz. 6 MR. WILSON: I'm here, yes, ma'am. CHAIRWOMAN REYES: So I think I guess the 7 COMMISSIONER HOROVITZ: Thank you to the 7 Chair. question -- I'm opening it up, but I want Reece's 8 8 I'm kind of -- I'm torn on the interim versus input -- is, if we were not to keep Ms. Dunn as 9 9 Acting CEO, who would be the most affected in the acting. I think that Ms. Dunn is doing a 10 10 11 fantastic job. I feel a tremendous amount of 11 community partnerships, the board and the agency employees? 12 responsibility now, as Chair of the board, 12 13 and we've got a new board. 13 Who would be most affected by that decision? Because I feel like, if we look at it from And we have an opportunity now to really --14 14 15 to -- there are things that we can do better, 15 that perspective of like where this is really and I think that we're all continuing to find ways 16 going to hurt, obviously, we need you for all the that we can do different things better. contracts. We need you for all the community 17 17 18 And I feel like we have this challenge now to 18 engagements and partnerships. COMMISSIONER HOROVITZ: I don't understand be so laser-focused on improving our operations 19 19 and improving our financials, acquiring more 20 20 the auestion. properties, I worry that we're going to stress 21 Do you mean, if she is not the acting but is 21 Ms. Dunn, and I feel like we need additional 22 22 still the COO? CHAIRWOMAN REYES: Right. So, if we chose 23 support. 23 24 But I'm torn on it, because I feel like 24 not to extend the Acting CEO or convert her into there's so much work to do. Because I know 25 25 interim. Page 70 we're all doing so much work here. MR. WILSON: That is a question. 1 COMMISSIONER BROCK: Right. What I sort of -- again, thank you for asking me 2 2 3 COMMISSIONER HOROVITZ: I don't know. 3 for some input here, but what -- you know, it may work right now if we don't have I do know that we do need to make a decision on 4 4 an interim identified would be to --5

5 the acting, and I've already asked Reece to draft 6 a resolution to go before the board. I hope that was okay, because he needed to 7 8 get the board packet out. So we do need to 9 extend, because, even if we decide to do an 10 interim, we won't do that next week. Is that all right to move that forward? 11 CHAIRWOMAN REYES: Yes. I mean I think 12 we need to. Yes. 13 COMMISSIONER HOROVITZ: I did not mean to 14 overstep. 15 16 CHAIRWOMAN REYES: No. That makes sense because of the timeline. That makes sense. 17 So I mean I feel the same way. I feel like 18

you've done a great job, and I feel like,

immediately after taking the position.

But I also voiced last time, right,

you know, you've definitely moved into high gear

that there was some concerns about keeping you as

the acting COO if you're also going to be applying

for the CEO position, which, of course, would be

Whether an interim would be appropriate -that would be someone who stays on in the role to kind of lead the search for a permanent CEO, or it gives you flexibility, you know, to preserve continuity. You know, Ms. Dunn continues to do a very good job and stays until the permanent is named. So that's kind of what I was thinking or may suggest for your consideration. CHAIRWOMAN REYES: Okay. So, because of the six to nine months that we're looking at, would it make ...

and we want to keep that option on the table,

given that we're looking at six to nine months

before we find a permanent CEO, you know,

perhaps we consider extending Ms. Dunn as the

to give you guys the flexibility to decide how you

I guess, what is most beneficial to the

Page 73 Page 75 agency if we make her Interim CEO? 1 Commissioners Meetings and watch exactly the MR. I guess interim, to me, 3 3 my cover letter, and all of this is public -- I can't see what Kort has prepared yet. 4 4 information. So, regardless of whatever is said 5 But that sort of, you know, suggests to me that 5 6 whoever the interim is would remain there and 6 in front of her, everyone else would have equal 7 lead the search indefinitely. 7 It may be, with an Acting CEO -- you know, CHAIRWOMAN REYES: Yes. I think Counsel 8 8 9 a more defined term, you know, like acting for one 9 Lawsikia mentioned that in the last meeting, if I'm not mistaken, because this came up. month, two months, three months. 10 10 11 The interim conveys to me that you have 11 I brought this up in the last HR Committee someone in place until, you know, the permanent is 12 12 Meeting. 13 found. That's really y'all's policy as a board. 13 I mean so we have to make a recommendation to CHAIRWOMAN REYES: So I think the big --14 14 the board for the meeting next week, correct? thank you. Thank you, Counsel Reece, for that --15 15 COMMISSIONER HOROVITZ: I think that we need thing is the duties and responsibilities portion 16 16 to make a recommendation on acting versus interim, 17 17 but I don't think that we need to make a Because the Acting CEO is only charged with 18 18 recommendation on who the interim is. 19 keeping the agency moving forward. In other words, Page 74 Page 76 she only could do that for the 60 days, it would be for interim just for, you know, 1 or can the title be active until the nine months? 2 the fact that there's so much that needs to get 2 done in the six to nine months that ... 3 I'm am just asking the question. COMMISSIONER HOROVITZ: I'm sorry. I was not talking. I raised my hand.

CHAIRWOMAN REYES: I mean so, again, based on just the duties and responsibilities, I feel like the interim position is what we need for six to nine months.

COMMISSIONER HOROVITZ: To the Chair, the only point that Reece shared that makes me feel that that's not right is it wouldn't be appropriate for Ms. Dunn to lead the search if she's planning on applying.

CHAIRWOMAN REYES: Kort?

MS. PARDE: So, through the Chair, that was actually brought up for you. I just would like to offer that we -- as a solution, whatever meetings we have now -- they're available online.

So anyone who would be involved --I'm just -- if I were looking for a job --I'm not saying I were -- but, if I was looking for a job, that's exactly what I would do would be go to Duval County and look at the Board of

COMMISSIONER HOROVITZ: It's short-term.

CHAIRWOMAN REYES: Yes, yes.

COMMISSIONER BROCK: It's short-term. Okay.

CHAIRWOMAN REYES: It would be short-term.

It would be for the specified period of time until we find a permanent CEO.

COMMISSIONER BROCK: I know, but I'm talking about title. "Acting."

Do you see what I'm saying?

That's what I'm asking, because we put her in there for 60 days, but what I'm wondering, because of the nine months -- that's what I'm trying to see --

CHAIRWOMAN REYES: I'm sorry.

COMMISSIONER BROCK: -- or we was going to try to bring somebody, or was we going to try to

CHAIRWOMAN REYES: I'm sorry. Can you repeat it?

Because I wasn't fully understanding. COMMISSIONER BROCK: -- or was we going to

Page 77 Page 79 try to bring -- I was saying, was we going to try 1 acting or interim. to leave Ms. Dunn as active, not interim, 2 What matters is the fact that the title 2 3 indicates the level of responsibility you, or I mean did we have to change that title, 3 as a board, are wishing to put on that person. in other words? 4 4 CHAIRWOMAN REYES: Okay. So I think that 5 5 Because she would have been in that position clears it up. That makes a lot more sense. for 60 days. 6 6 7 So, while an Acting CEO would not be able to 7 CHAIRWOMAN REYES: Right. So the 8 make policy changes on their own, they could recommendation is, do we change to interim, 8 under the direction of the board. 9 or do we keep an Acting CEO? 9 MS. PARDE: Through the Chair, yes. COMMISSIONER BROCK: Right. 10 10 CHAIRWOMAN REYES: Okay. So then I think my 11 I'm saying, can you use that? 11 That's what I don't know. 12 recommendation would be Acting CEO to continue, 12 13 COMMISSIONER HOROVITZ: I don't think, 13 right, because, at this point, we would -because of all the changes, all the compensation according to that. It's on the board. 14 14 COMMISSIONER BROCK: Oh, okay. Okay. 15 studies we're doing, all the research that we're 15 doing with the employees, the Employee Manual, 16 16 Yeah. I see. 17 CHAIRWOMAN REYES: Ms. Kort. 17 the SOP, all that stuff that we're working on MS. PARDE: Sorry. Through the Chair, -- that's going to require some policy changes 18 18 Commissioner Reyes identified it earlier. 19 from the board. 19 And I think that would be prudent to keep It doesn't matter which title you use. There is 20 20 Ms. Dunn as Acting CEO while we make those 21 no time limit. So an acting position is someone 21 who -- usually, an acting is to fill an immediate 22 22 changes until we find a permanent CEO. vacancy, because you don't have a plan. 23 That makes a lot more sense to me, and I'm opening 23 And it's, also, used sometimes as a means to 24 24 it to discussion.
