Ms. Michelle Coleman Property Manager

Scattered sites would like to wish all Residents a Happy Labor Day !

Home Energy and Water Efficiency Tips:

- **Set thermostat at 78 degrees in summer, 68 degrees in winter.**
- **Set temperature 5 degrees warmer when not at home in summer (or 5 degrees cooler in winter).**
- **Set thermostat on “auto” at all times.**
- **Utilize fans to keep room cool in the summer (when in the room).**
- **Close shades & blinds will help the unit stay cool in summer months.**
- **Only increase thermostat by 1 degree or 2 degrees at a time in the winter**
- **Wash full loads & use cold water in washer .**
